TRAFFIC HEAVY ON L. & N.

Paris officials of the Louisville & Nashville report the freight traffic over this division of the road to be fully equal to that of any other similar season. The traffic has been running at high tide for several weeks, with no apparent sign of a let-up. Large shipments of fruit are coming in from the South, while the coal shipments are away above the average. Several trainloads of peaches, watermelons, canteloupes and other perishable freight, consigned to the local and Cincinnati markets, have passed daily over the road. One train so loaded, made the run from Corbin to Covington a few days ago in eight hours. Train men are jubilant and busy full crews being at work all the time.

CITY BORROWS FUNDS FOR SEWER COMPLETION

A few months ago the bond issue of \$60,000 to raise funds for building the South Main street sanitary sewer system was voted upon favorably by citizens of Paris. The proposition carrying by a safe majority. The bonds were advertised and were purchased by an Eastern firm. In anticipation of the returns from the bond sale work was commenced on the sewer system, and has now been practically two-thirds completed. Later on the purchasers of the bonds discovered a clerical error in the wording, and refused to pay for them. To pay for the building of the sewer the city has been compelled to use its reserve fund, and to borrow funds from the local banks. It is said that another election will have to be held before the bonding company will advance money on the bond issue.

RELIGIOUS.

—The State Assembly of the Baptist Young Peoples' Union will be held in Georgetown, beginning June 30, and continuing eight days. Delegates from all sections of the State will be present. One of the principal speakers will be Rev. Dr. W. B. Riley, pastor of the First Baptist church of Minneapolis, Minn.

—Rev. Arthur Fox, pastor of the Paris Baptist church, has returned from San Angelo, Texas, where he conducted a very successful revival meeting in the First Baptist church, resulting in a total of ninety-six additions and eighty-five professions. Rev. Fox filled his pulpit at the Paris church Sunday morning, speaking on the subject, "Visions of God," and at the evening service on "God's Greatest Possible Blessings."

—The twenty-fifth anniversary of his ordination into the priesthood was impressively celebrated in Lexington Sunday morning and night by Rev. Father Hubert de Waegensere, pastor of St. Paul's Catholic church, in that city. The services were of an unusually impressive order. The church was filled to its utmost capacity at both services. Very Reverend Frank Kearney, of the Dominican Order, delivered the jubilee address. A feature of the occasion was a guard of honor, composed of Fourth Degree Knights of Columbus, among whom were Bernard Santen and James Kelley, of Paris. Jubilee souvenirs were given to the members of the congregation, comprising the Jubilee announcement, pictures of Father de Waegensere, and sketch of his life work, and a program of the Jubilee exercises.

Coffield Tire Protectors

Contain no fabric, but are made from pure high-grade elastic rubber, made in a continuous band. They fit snugly in the tire requiring no cement. They do not creep or heat the tire.

Letter No. 6—From the Martin Otto Co., Hudsonville, Mich.: "Eight months ago we equipped a Ford truck with a complete set of Coffield Tire Protectors. Up to the present time we have obtained over eleven thousand miles from the tires and they are still going. We have on three or four occasions pulled out ten penny nails which were clinched in almost a letter 'S' shape, being resisted by the protectors. As to tacks and nails we just pull them out and keep going. Eight months without a puncture has been our experience with the protectors. They have paid for themselves at least twice over in extra mileage in this one set of tires."

Why worry with tire troubles when Coffield Tire Protectors return the first cost many times over?

Auction Sale!

Saturday, July 3, at 2 p. m., on the Premises, on Cypress Street.

On account of Mr. H. P. Perry deciding to remain in Lexington, he has instructed us to sell that beautiful cottage known as the Roy F. Clendenin home, which is without doubt the prettiest location in Paris. The lot fronts 93 feet on Cypress street and runs back 525 feet, making about 1 1/2 acres of land. The home is one of the best built in the city, with six large, airy rooms, hall, furnace, modern in all respects, fine stone foundation, basement, good cistern, double garage and plenty of shade trees. This will be a positive sale and no by-bidding or shooting at the moon. A clear cut sale.

We are going to give away absolutely free \$25.00 in gold or greenbacks to the one guessing nearest to what the property brings, and will be distributed as follows: \$10.00 to the nearest guess; \$5.00 to the next nearest guess, \$2.50 each to next two nearest, and \$1.00 each to next five nearest. Remember you must be on the ground at the time of sale and remain until the sale is over.

We want to emphasize that there will be no by-bidding on this property, but we do reserve the right to reject any bid and we in so doing will give check for \$100.00 to such bidder, so if your efforts to help us sell are in vain, you will be rewarded and so the by-standers and boosters who attend this sale will receive \$25.00 in gold if the place does sell. So you see all who attend will share in this sale whether property sells or not. For inspection, call
